

Recognised for "Commitment"

Peter Stephens , Grant Jackway , Brendon Knowles , Peter Gibson , Troy Dandie and Ben Gross

I would like to share my utmost gratitude to this team who are supporting a critical initiative in Bankwest. Their continued focus, collaboration, attention to detail, after hours work and commitment to ensure 30,000 batch jobs had their appropriate escalation details updated has put the project in a good position for the planned 'go-live' date. The team have worked tirelessly with many other stakeholders within Bankwest as well as ensuring there are safety nets should anything slip through the cracks. The team have taken on a significant piece of work, all the while continuing to fulfill their day to day roles. Thank you all for your great work on this
